ABOUT ME

Horse jumping requires planning, discipline and practice, but also such a strong link between rider and animal that they act as a single being. That's me, a **team player** with a unique and different perspective that helps me find **innovative solutions** to all problems. Always in a crusade for **self-explicative** and **super-effective code**, I'm looking for a place to apply all my experience in tech while I evolve and learn as a fullstack developer. My motto: "try, learn, share".

SPECIFIC TRAINING

- NLP with Python for Machine Learning
- Unix Workbench
- Google Sheets
- Regular Expressions
- Essential Python

PROJECTS

- BookHostel (in progress)
- [Rick and Morty, who is what?](#)
- [Breaking Bad, dead or alive?](#)
- [Landing Page](#)

LANGUAGES

- Native : Spanish
- High: English, Asturian and Catalan
- Notions of: French, Italian and Polish
